CONFIDENTIAL

1 9 AUG 1932

MEMORANDUM	FOR:	Deputy	Director	for	Operations

Deputy Director for Intelligence

Deputy Director for Science and Technology

FROM:

James H. McDonald

Acting Debuty Director for Administration

SUBJECT:

Submission of New Communications Support

Requirements for FY 1985 through FY 1989

25X1

It is requested that FY 1985 through FY 1989 communications support requirements for your Directorate be forwarded to the Office of Communications (OC) through the DDA by 1 November 1982. further requested that all requirements be identified in the same format as the attached example. Please assign a requirement number, as shown in the upper right corner of the example, to help us identify each requirement in subsequent correspondence. The example number (DA/OL-01/85) identifies the Directorate/Office and the requirement number/program year. As in previous years, a priority rank of each requirement should also be assigned.

25X1

The FY 1984 Budget Call instructed that new communications initiatives would be programmed by the requesting component, with OC programming for the appropriate support in subsequent years. These instructions have not changed in several years and we foresee no change in the FY 1985 program year. The submission date requested above will provide us with sufficient time to prepare and forward cost estimates for new initiatives to the appropriate offices by 31 January 1983.

25X1

As in past years, OC representatives are prepared to assist members of your staff with any new requirements as necessary. focal point for these requirements is the Systems Integration Staff, Engineering Division (OC-ED/SIS). is the Systems 25X1 Requirements Manager (SRM) and is the primary contact for Directorate 25X1 and OC requirements coordinators.

> Should additional information concerning this memorandum be 25X1 Chief, 25X1

required, please contact OC-ED/SIS, on

25X1

Attachment: As Stated
